G.O.Ms.No.4986, Dated 29th October 1947
Read the following:--

G.O.No.4653 Development, dated the 19th December 1946
From the Provincial Textile Commissioner No.120916/47 1, dated the 15th September 1947 forwarding the Registrar of Co-operative Societies letter No.5645/47-K.2, dated the 27th August 1947.

O R D E R:

Under the existing orders, suitable existing co-operative organisations which are willing to undertake the distribution of yarn should be fully utilised. The Registrar of Co-operative Societies points out and the Provincial Textile Commissioner agrees that if weavers co-operative societies or co-operative stores or any other type of co-operative organization is entrusted with the distribution of yarn to weavers outside the Co-operative fold, it may tempt the members of the co-operative societies, if any, in the area to leave the societies and may make it difficult to organize weavers co-operative societies in places not served by such societies. The Co-operative organization entrusted with yarn distribution can neither check the looms of the weavers nor control their activities nor ensure that the yarn supplied is converted into cloth. The Registrar of Co-operative Societies and the Provincial Textile Commissioner therefore suggest that no type of co-operative organization should be entrusted with the distribution of yarn to weavers outside the co-operative field. The Government approve the proposal, and in partial modification of para 3 of G.O. No.4653 Development, dated 19th December 1946, direct that no type of co-operative organization be in future licensed for distribution of yarn to weavers. The licences already granted to co-operative organisations need not, however, be cancelled except on grounds of mismanagement or improper distribution of yarn.

2. As regards cloth all trading co-operative organizations should be given a general quota if working efficiently.
